

## COULDN'T FOOL HIM TWICE

Experience Proved That There Was Nothing "Just As Good" as Father John's Medicine for Colds and Throat Troubles and As a Body Builder

The victim of an unscrupulous druggist in a Pennsylvania town says that when he asked for Father John's Medicine the druggist persuaded him to take something else which was "just as good," according to the clerk. "I might just as well have taken so much water," this writer continues. "I afterward went back and got Father John's Medicine and in a short time I felt the good effects. It increased my weight, gave me strength and helped my bronchial trouble."

Some localities this practice of substitution by druggists is an evil practice of vast proportions. The unscrupulous druggist who forces upon you a different preparation when you call for Father John's Medicine is doing you an injury. Remember that Father John's Medicine is a doctor's prescription, pure and wholesome, free from opium, morphine, chloroform or any other dangerous drugs or alcohol, and with a history of more than 50 years' success in the treatment of colds, throat troubles and as a tonic and body builder.

Begin taking it today; it will make you strong.

### SACRAMENT OF Penance

Theme of Sermon by Rev. Peter J. Cuny, Who Urges St. Patrick's Parishioners to More Frequent Communions.

Yesterday was the 23d Sunday after Pentecost, and the epistle read in the Catholic churches was that of St. Paul to the Philippians III, 17, to IV, 3, beginning "Be ye followers of me, and observe those things which ye have our model." The gospel was Matt. IX, 18-26, the miracle of the healing of the ruler's daughter. At the high mass in St. Patrick's church Rev. Peter J. Cuny preached on the sacrament of penance.

To win salvation, the preacher said, man must tear down and build up. It is necessary to tear down the structure of sin in the soul, and at the same time it is necessary to build up the temple of God.

The efficacy of penance in enabling man to do this two-fold work was the theme developed by the preacher. Penance is the best preventive measure against falling into sin, since it enables man to gain that supernatural gift of grace which we know of only in its effects.

The characteristics of sincere penance were pointed out: confession of sin which is humble, with sorrow, entire, and with the firm purpose of sinning no more.

The efficacy of frequent communion was emphasized, and incidentally attention was called to the fact that many who had solemnly promised during the recent mission to receive the sacrament often were showing a tendency to keep this promise only on the first Friday or first Sunday of each month. Holy communion more frequently should be the practice, as resulting in that spiritual discipline which cannot fail to insure grace to resist temptation and mean progress in ways acceptable to God.

There have been about seven hundred communicants since the mission, Father Cuny stated, reminding the other thirty-seven hundred members of the parish that waiting for communion at Christmas was not a proof of particularly ardent Catholicity. Weekly or even daily communion was recommended whenever possible, by becoming lax in the frequentation of the sacraments that carelessness in attending mass is apt to be engendered, other careless habits follow, and it is largely in this way that apostates are made.

## MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

25c and 50c jars; hospital size \$2.50.

## ARE TOO PROUD TO FIGHT

Second Church Pastor Says We Must Combat Forces of Evil or Lose Ground—War in Itself Savage and Unrelentless—But Some Conditions in Life Demand Battle—Should Use All Our Resources to Destroy Evil.

At the Second Congregational church Sunday morning, Rev. Herbert J. Wyckoff preached a most timely and vital sermon on the theme, "Too Proud to Fight," taking his text from the seventy-eighth Psalm, the ninth verse, "The children of Ephraim being armed, and carrying bows, were turned back in the day of battle."

The best explanation of action is more action. Inaction seeks justification in phrases. The inaction of our country today is constantly seeking justification in just this way. We are blamed alike by foe without and by friend within. We stand by and watch the contestants in this world struggle for the supremacy of their principles and can see no necessity for interference on our part.

Some say when we demand battle, to talk of warfare as unchristian and unchristian to reveal but a shallow understanding of the principle involved. An inordinate self-interest possesses us with a corresponding contempt for our antagonists. It is well not to be too proud to fight. In the spiritual realm we may well consider this theme. In a world possessed of so many forces of evil, we must combat them or lose ground. We look at our boys and girls, and do all we can to protect and keep them good and pure and to take no reckoning of those other boys and girls who have passed out from that influence and who are a force for evil to be reckoned with. We are too proud to fight. We will not notice these things, thinking they are beneath notice. Think of the other side. Is evil too proud to fight with us? Not at all. Every resource at her command is brought to bear on us and she will not take pause and consider? Shall we not in turn use all our resources to destroy her? The church—not aggressive, hardly prepared for any battle, and yet she is promised evil and do battle with the powers of evil. Let us then determine on a course of action, not inaction, and be not too proud to fight.

## GEORGE A. CORNET WANTS TO BE INVESTIGATED

Former Norwich Man Defies Commissioner of Finance in Lynn.

Defying Roy F. Bergengen, commissioner of finance of Lynn, Mass., to prove published charges that he attempted to build up a political machine in his department, George A. Cornet, a former Norwich resident and now commissioner of public property in the shoe city has insisted to the former that he resign his office before a picked tribunal.

If it is proven that he has used his office to advance his own interests, Cornet agrees to resign his position within 24 hours. If, on the other hand, the charges are proven false, Commissioner Bergengen must tender his resignation to the public.

The charges of Commissioner Bergengen which were made public through the shoe city press last Tuesday, have caused a sensation in political circles. Cornet has served two terms as public property commissioner and Bergengen is ending his first term.

Cornet in his reply to the charges, asks that a committee of three impartial persons be named to examine his department and that he be given an opportunity to inspect the records since he has been in office. Should he be charged by Mayor George H. Newell or by his brother or commissioners, Campbell and Graham of any attempt at strong arm methods or bullying, or found to have paid \$10,000 to Lynn architects for work done by Boston architects, or found to have attempted to build up a political machine from the park and playground departments, by such a body, he agrees to resign within 24 hours.

Commissioner Cornet has a strong following in the shoe city. His friends are confident of his vindication, should the matter reach the stage of an investigation as he requests.

the keeper of Race Rock light were able to see just what occurred.

President Henry Hilken of the Eastern Forwarding Co. was interviewed at his office on the state steamship terminal Saturday. He smiled as he intimated that in his opinion the situation had already been fully covered in the newspapers.

"There is really nothing new that I can add," said Mr. Hilken, "except that some of the published reports have been greatly exaggerated in relation to the damage which the Deutschland sustained as a result of the collision. The submersible's bow was slightly twisted at a den was made on the starboard side. These are the only injuries which she suffered."

"The hole near the bow was on the starboard side is one that since been made by workmen of the T. A. Scott Co. for their convenience in making the necessary repairs. I do not know how many days will be required to complete these repairs. I do not know how many days will be required to complete these repairs but as I have said the damage is not in any sense serious. When all is in readiness the Deutschland will start out once more but I have no means of knowing the exact date."

Questioned as to the cost of the repairs, the possibility of libels and other matters of that nature, Mr. Hilken replied that he did not care to make any statement along that line. His tone intimated that these phases of the situation would be properly taken care of in due season.

The submersible now lies in a position, the reverse of which she preceded occupied. Her bow is heaved out and has been slightly raised to facilitate repair work. A diver and several ironworkers are employed in the freighter into first class condition.

United States Steamboat Inspectors Withney and Rankin began their official investigation of the Deutschland and examined Captain Koenig, First Officer Krapohl and Chief Engineer Kleese of the Deutschland.

The hearing was strictly private and nothing has leaked out as to the nature of the testimony offered. The day's session concluded the investigation so far as the crew of the Deutschland was concerned.

The inspectors will meet again Wednesday and will examine Captain Frederick Hirsch, Assistant Superintendent of the T. A. Scott Co. and the crew of the tug, Captain Hirsch was able to be out Saturday and was driven to the offices of Eastern Forwarding Co. He appeared weak and declined to be interviewed.

That he escaped death by drowning in the race when the T. A. Scott, Jr., was down at 2:30 Friday morning is considered more of a miracle than ever since the fact leaked out that the Neckar's commander is unable to swim. The theory regarding his remaining on the surface of the choppy sea for more than ten minutes until help came is given by mariners as a feat. He was dressed in a heavy overcoat and as he went overboard the air got underneath it and created a sort of life preserver. Sufficient time did not elapse for the garment to become water-soaked and to act as a dead weight.

Friday evening fears were entertained that Captain Hirsch would be entering a condition of pneumonia but he rallied quickly Saturday except for weakness, appeared as usual.

Repairs to the German submarine Deutschland which was injured when putting the surface of the choppy sea for more than ten minutes until help came is given by mariners as a feat. He was dressed in a heavy overcoat and as he went overboard the air got underneath it and created a sort of life preserver. Sufficient time did not elapse for the garment to become water-soaked and to act as a dead weight.

Another suit for damages, making five in all, will be served today. The latest action, which is for \$25,000, will be brought by the family of Edward Jackson, fireman of the tug T. A. Scott, Jr., who was one of five men drowned when the submarine ran aground. The total damages asked are \$187,000.

The federal inspectors will not resume their inquiry into the disaster until Captain Frederick Hirsch, the only man saved from the tug, regains his health. He is said to be recovering rapidly from the shock.

**ACADEMY STUDENTS STRATLE SATURDAY EVENING SHOPPERS**  
Gave Street Parade and Burnt Red Fire to Celebrate Their Victory Over Bulkeley.

Wearing red and white caps, blow-

ing tin horns and making as much noise as possible, a crowd of Academy boys and girls started the Saturday evening shoppers on Main street and Broadway. The boys carried torches for their march, and the members of the football team scores of boys and pretty bright eyes gazed at the parade. The boys of the Wauregan house and burnt red fire to their hearts content. And are they making all that noise for asked a man, evidently a stranger, of an interested bystander. Why, they're celebrating the trouncing the Academy team gave Bulkeley. The score? Ten to nothing, was the prompt reply.

Previous to the parade the Academy players were given a banquet at the Wauregan house by the Athletic association. Coach McKay, toastmaster, spoke a few words to the team, thanking them for their loyal support and hard work throughout the season.

The team was addressed by Dr. Bunnell, W. Stanley, L. Stanley, Manager Robert Byrnes and by Capt. Murphy. The menu of the dinner was as follows:

Cream of Tomato Soup  
Flake Walers  
Small Tenderloin Steaks  
Bordelaise Sauce  
Browned Mashed Potatoes  
String Beans  
Supper Rolls  
Neapolitan Ice Cream  
Assorted Cake  
Demi Tasse  
Cigars

After the banquet the team was escorted up and down Main street and Broadway to the Academy. Principal H. A. Fittell addressed the students and was heartily cheered. The marchers then proceeded to the campus, where a bonfire was brightly burning. Capt. McMillan, Coach McKay and others spoke. A large collection had been taken up in New London to furnish a big bonfire and red lights.

The N. T. A. supporters celebrated their victory over Bulkeley in royal style. Their high spirits broke out in noise, and noise that could be heard blocks away.

## This Simple Laxative A Household Necessity

Dr. Caldwell's Syrup Pepsin Should Have a Place in Every Home

Constipation, or inaction of the bowels, a condition that nearly everyone experiences with more or less frequency, is the direct cause of much disease. When the bowels become clogged with refuse from the stomach, foul gases and poisons are generated, and unless the congestion is relieved the system becomes weakened and most susceptible to attack.

Various remedies to relieve constipation are prescribed, but many of these contain cathartic or purgative agents that are harsh and violent in their action and shock the system. The most effective remedy is the combination of simple laxative herbs with pepsin that is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin.

The Hon. John D. Kelster of Branford, Vt., who has represented his district in the State Legislature for six years, writes that he uses Dr. Caldwell's Syrup Pepsin as a family laxative, easy to take and mild, yet positive, in its action, and that it should be in every household for use when needed.

Dr. Caldwell's Syrup Pepsin is sold by druggists in all parts of the United States and costs only fifty cents a bottle. It contains no opiate or narcotic drug, does not gripe, and is recommended as a family laxative, mild enough for the tiniest babe, yet sufficiently powerful to act easily on the strongest constitution.

To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 484 Washington St., Monticello, Illinois.
